

Product: Style AG4825 Rubber Based Double Coated Polyester

AG4825 is a .5 mil double coated high performance polyester laminating tape coated with a very aggressive rubber based adhesive. Designed for laminating to foam and gasket materials, bonding, splicing, and holding where high heat resistance is not required

Specifications:

Peel Adhesion	110 oz/in width (31.1 N/2.5 cm)
Shear Strength	2.2 psi 24+ hrs (15.2 kPa)
Elongation	100%
Tensile Strength	7.5lb/ in width (33.9 N/2.5 cm)
Temperature Resistance	-40° F to 175° F (-4.4° C to 80° C)
Min. Application Temperature	40° F (4.4° C)
Release Liner	55 lb (90 GSM glassine)
Adhesive Type	Rubber based, very aggressive

Product Testing:

The performance data represented are based on reliable laboratory tests. Test conditions cannot always duplicate actual field installations or end uses. Atlantic Gasket makes no warranties with respect to test data, and assumes no responsibility for performance characteristics resulting from conditions, which differ from those, used in laboratory tests. Each user should make independent tests to determine the suitability of this product for the intended use.
